Tricia's Child Care Inc.
(303) 341-9454

My objective is to provide childcare information to incoming personnel and personnel on station who find themselves in need of childcare.

- Maintain a link on the NSGA Denver Web Page (both WWW internet and CMIS) which has pertinent information. Such as resources of the local childcare availability which the service member can contact before arriving on station.
- Query service members about their present childcare situations. What do service members who work crew do for the needs of the children? Spouses? Members who trade off childcare? Networking within the crews?
- Goal is to find safe, affordable, and convenient childcare for command members. Therefore, maintaining the quality of life for our sailors.
- Contact the local agencies to determine laws and training requirements for childcare providers. Provide that information for spouses who might be interested in becoming a provider.

- Responses to my email about becoming a member of the childcare team for the command: CTT1 Waller / CTT1 Thomas / CTR1 Knowles / CTT2 Hargrove
